It is also engaged in IT outsourcing and secondment assignments on business intelligence, IT cloud infrastructure, networking, application programming, mobile solution and technical support services.

Since the completion of the Previous Acquisition in 2015, the results of the Disposal Group have been accounted for as an associate company and its financial statements have not been consolidated in the consolidated financial statements of the Company. Details of the Previous Acquisition are disclosed in the Company's announcement dated 20 April 2015.

## **FINANCIAL SUMMARY OF THE DISPOSAL GROUP**

|                        | <b>For the<br/>year ended<br/>30 April 2016</b> | <b>For the<br/>year ended<br/>30 April 2017</b> |
|------------------------|---|---|
|                        | HK\$'000  | HK\$'000  |
|                        | <i>Approximately</i><br>(unaudited)             | <i>Approximately</i><br>(unaudited)             |
| Revenue                | 14,306  | 9,122   |
| Profit before taxation | 9,751   | 5,275   |
| Profit after taxation  | 8,161   | 4,405   |

The unaudited net asset value of the Disposal Group as at 30 June 2017 was approximately HK\$12.3 million, and 21% of which (being the subject of the transaction) amounted to approximately HK\$2.6 million.

## **REASONS FOR AND BENEFIT OF THE DISPOSAL AND USE OF PROCEEDS**

The principal business of the Group comprises (i) development and sale of computer software and hardware; (ii) the provision of system integration and related support services; (iii) provision of IT infrastructure solutions and maintenance services; and (iv) money lending and securities trading.

As disclosed under the section headed "FINANCIAL SUMMARY OF THE DISPOSAL GROUP" above, it is noted that the revenue and profit after taxation of the Disposal Group have been decreasing. Therefore, the Directors consider that the Disposal represents a good opportunity for the Group to reduce its investment risk and to realise part of its investment at a reasonable return.

As stated in the Company's announcement dated 30 December 2016, the Company has subscribed 84% equity interest of Macro China Holding Limited ("Macro"). Since the completion of the subscription, Macro has become a non-wholly owned subsidiary of the Company and its assets, liabilities and financial results have been consolidated into the Group's accounts since then. A segment profit of approximately HK\$1.8 million from Macro and its subsidiaries (the "**Macro Group**") were disclosed in the Company's interim report for the six months ended 30 June 2017 under the IT solutions and maintenance segment. The Macro Group is principally engaged in the development and sale of computer software and hardware, the provision of system integration and related support services in the PRC. The Directors are of the view that there is certain overlapping area in the businesses of the Macro Group and the Disposal Group including but not limited to the provision of business analytics and data modelling for government and enterprise grade clients. The Directors are minded to reallocate the financial resources from the investment in the Disposal Group to the Macro Group as it is believed that a more centralised investment in subsidiaries rather than associates would optimise the operational efficiency and investment return of the Group. The Directors will closely monitor the performance of the Disposal Group and will reconsider the investment strategy in the Disposal Group as the Board considers appropriate.

Furthermore, the Consideration represents (i) a premium of approximately 33.1% over the Company's carrying value of the Sale Shares as of 30 June 2017 (including goodwill recorded under the Previous Acquisition and accumulated impairment loss as at 30 June 2017) (i.e. approximately HK\$32.3 million) and (ii) a premium of 2.5% over the prior acquisition cost of the Sale Shares under the Previous Acquisition (i.e. HK\$42 million).

In view of the above-mentioned facts, the Directors consider that the terms of the Disposal are fair and reasonable and the Disposal is in the interests of the Company and the Shareholders as a whole.

The net cash proceeds from the Disposal, after deducting the estimated expenses in relation to the Disposal, will amount to approximately HK\$42.0 million. Subject to the Completion taking place, it is currently intended that the proceeds of the Disposal will be allocated for investment opportunities in Hong Kong and/or the PRC in respect of information technology industry when opportunities arise and/or for general working capital for the Group's existing businesses. The intended use of proceeds is subject to actual circumstances and decision of the Board when concrete details of proposed uses are put forward for consideration. As at the date of this announcement, the Group has not identified any specific potential targets for investment and has not entered into any agreement in relation to any potential new projects.

## **FINANCIAL EFFECTS OF THE DISPOSAL**

The Disposal Group have been accounted for as an associate company and its financial results have not been consolidated in the Group's financial statements since the completion of Previous Acquisition. Upon completion of the Disposal, the Disposal Group will cease to be classified as an associate company but available-for-sale financial assets of the Company.

For illustrative purpose, based on the Company's carrying value of the Sale Shares as at 30 June 2017 (including goodwill recorded under the Previous Acquisition and accumulated impairment loss as at 30 June 2017) of approximately HK\$32.3 million and the Consideration, it is estimated that the Group will record a gain on the Disposal of approximately HK\$9.7 million, net of estimated transaction costs and taxation.

It should be noted that the actual gain or loss on the Disposal to be recorded by the Group will depend on the carrying value of the Disposal Group recorded on the Group's financial statements at the Completion Date and therefore may be different from the amount mentioned above.

## **IMPLICATIONS UNDER THE GEM LISTING RULES**

As one of the applicable percentage ratios (as defined in the GEM Listing Rules) in respect of the Disposal exceeds 25% but all the applicable percentage ratios (as defined in the GEM Listing Rules) in respect of the Disposal are lower than 75%, the Disposal constitutes a major transaction for the Company pursuant to Rule 19.06 of the GEM Listing Rules and is therefore subject to the reporting, announcement and shareholders' approval requirements under Chapter 19 of the GEM Listing Rules.

## **GENERAL**

The Circular containing, among other things, (i) further information relating to the Disposal; (ii) a notice convening the EGM; and (iii) other information as required to be disclosed under the GEM Listing Rules, will be despatched to the Shareholders on or before 19 October 2017.

**Completion of the Disposal is subject to the fulfilment of the various conditions and the Disposal may or may not proceed. Shareholders and potential investors are therefore advised to exercise caution when dealing in the securities of the Company.**
